KIT-Notice

Information by the Mobility Service Center:

Closure of Tram Lines S1/S11

We were informed by KVV that the tram line S1/S11 between Yorckstraße and Hochstetten Endstation (terminal station) will be **closed completely** due to extensive construction work from July 25, 2024, 3:30 a.m. to September 08, 2024, 1:00 a.m.

For this reason, the S1/S11 **connecting line to KIT Campus North will also be closed completely** during that period.

Between Karlsruhe Yorckstraße and Hochstetten, KVV will provide a replacement bus service.

To reach KIT Campus North, get off the bus at the stop of Leopoldshafen/Leopoldstraße and take bus 195 to reach the southern gate of the Campus.

As an alternative, go by tram S2 to Blankenloch Nord and take the bus 195.

During the construction work, we will offer an additional bus service on Campus North that will start at the stop H1 (southern gate):

	Time of Departure	Time of Departure
Stop H1	07:50	08:40
H2, H3, H5, H6, H7, H8, H9		
Stop H9	16:10	16:45
H10, H11, H12, H14, H15, H16, H18		

For the departure times of the replacement bus service and tram line S2, consult the KVV website. If you have questions, contact the Mobility Service Center by phone 25035.
